### THROUGHS PAY LAST TRIBUTE AS HERO'S BODY IS BORNE TO GRAVE BY 300 FIREMEN

Thousands Line Brooklyn  
Streets From Chief Walsh's  
Home to Holy Cross.

JOHNSON HEADS LINE.

Widow Returns to Home Freed  
From Debt by Equitable  
Company.

The funeral of Battalion Chief William J. Walsh, held today from his late residence, No. 119 Forty-second street, Brooklyn, was a remarkable tribute from the public to his heroism and from his associates in the Fire Department to his worth as a fireman.

Although the sale that swept across Borough Park carried an icy chill and the streets and sidewalks were deep with snow and ice, more than 1,000 persons lined the route of the funeral procession between the home and the Church of St. Catherine of Alexandria, at Forty-first street and Fort Hamilton Parkway.

The church was crowded to its capacity during the celebration of requiem high mass and the pronouncement of benediction by Bishop J. J. Connelley of Brooklyn and of eulogies by Father McNell, the pastor, and Father McEgan, the Fire Department chaplain. After the church ceremony, large crowds stood bowed in prayer as the funeral cortege started for Holy Cross cemetery in Flatbush, and all along the line of march groups of citizens stopped as the hearse and attending carriages passed.

**MORE THAN 300 FIREMEN ATTEND SERVICES.**

More than 300 firemen in uniform attended the services. Of these only 125 had been specially detailed. The rest were firemen on their time off. These reported with the detailed men at the public school at Forty-fourth street and Fort Hamilton Parkway and were lined up in military formation when the funeral cortege reached the church.

There was not room in the little house of the Walsh family for the hundreds who called before the funeral, nor was there room in the church for the thousands who gathered at the edifice. The services were doubly impressive from the presence of the uniformed firemen, many of whom made no attempt to hide the tears that came to their eyes when the priest told of the sterling qualities of their comrade, who sacrificed his life in the performance of his duty.

Because of the number of friends who called at the house to pay their last tribute to the dead fireman, the funeral cortege was an hour late in starting. As the pallbearers carried the casket from the house they were followed by Fire Commissioner Johnson, Police Commissioner Waldo, Deputy Fire Commissioner Farley and Deputy Police Commissioner McKay. These four officials took positions in front of the hearse and led the cortege to the church and part of the way to the cemetery.

**POLICE AND FIRE OFFICIALS ATTEND IN OWN TIME.**

In addition to Commissioner Waldo and Deputy Commissioner McKay, the Police Department was represented by Inspector Stephen O'Brien and Captain Shaw. Not only the Fire Department officers detailed to the funeral, but all who could obtain leave of absence or who had their own time at their disposal were in attendance at the church.

Father O'Neill and Father McEgan went to the cemetery and there was a brief funeral service at the grave. The widow collapsed when she saw the casket containing the body of her husband lowered into the ground. The long strain of waiting for the recovery of her husband's body had undermined her strength, but she bore up bravely until the final scene of the tragedy. There were few dry eyes among those who stood in the bleak cemetery near the window and her little group of fatherless children.

Announcement was made at the funeral that the Equitable Life Assurance Society had paid off the mortgage on the Walsh home.

On the way from the church to the cemetery details were made to pass the engine houses in Church avenue, near Flatbush avenue, and in Windsor Terrace. Each of these companies

### ALL "PIPE DREAMS," ROOSEVELT CALLS TALK OF CAMPAIGN

McHarg as Advance Agent in  
the South? Nothing  
of the Sort.

**NOT AFTER HITCHCOCK**

Never Heard of Lots of Things  
That Are Happening and  
Everybody Knows.

Col. Roosevelt broke his brief silence at a week today by announcing that he was working a campaign for his nomination to be President of the United States.

Yellowstone told him that he was described by an Indianapolis newspaper as having full knowledge of a plan to send Ormsby McHarg through the South to round up the Southern delegates for Roosevelt, as the same Mr. McHarg rounded them up for Taft in the last campaign.

"I am too busy," said the Colonel, "to discuss pipe dreams from Indianapolis or any other place."

Yellowstone told him that he was described by an Indianapolis newspaper as having full knowledge of a plan to send Ormsby McHarg through the South to round up the Southern delegates for Roosevelt, as the same Mr. McHarg rounded them up for Taft in the last campaign.

"I have you?" asked Mr. Roosevelt, pointing his prognathous jaw under his questioner's nose and showing a dazzling flash of teeth. Then he laughed. He was asked what he thought of Andrew Carnegie's testimony before the Congressional Steel Committee.

"I have not heard that he gave any testimony. Have you?" he said. Mr. Roosevelt said he did not think it was necessary for him to comment on the opinion of Judge Simeon E. Baldwin, now Governor of Connecticut, regarding the labor liability law. The Colonel had a dispute with Judge Baldwin about the decision which ended in Judge Baldwin's swift election to the Annals Club.

**YOUNG POLICEMAN GOES ON A RAMPAGE AND IS LOCKED UP.**

Joseph L. Gadeny, Appointed Last  
May, Draws a Revolver in  
West Side Saloon.

Joseph L. Gadeny, a young patrolman attached to the West Thirtieth street station caused a panic this afternoon in Michael Carney's saloon, at Thirtieth street and Tenth avenue, by drawing his revolver and bombarding the mirror behind the bar.

He was out of duty and had strolled into Carney's saloon after visiting another in the neighborhood. He began quarreling with Patrick Doyle, the bartender, and suddenly drew his revolver. Doyle ducked just in time and the saloon was emptied as if by magic.

Sergeant Ryan of the West Thirtieth street station hurried over and disarmed Gadeny. He is being held from him and led him to the station house. Gadeny was locked up on a charge of intoxication and disorderly conduct. He was appointed to the force last May.

**Five Children Die in Fire.**  
PRENTICE, Wis., Jan. 16.—Five children, two boys and three girls, of John Deering, ranging from one to thirteen years of age, were burned to death today when the Deering home, two miles from here, was destroyed by fire. The children were asleep when the fire broke out, and their mother being busy in the barn, knew nothing of their peril until too late.

### CUBA WARNED OF INTERVENTION BY UNITED STATES

Action If Law Prohibiting  
Army Interference in Poli-  
tics Is Not Obedied.

**TAFT MOST POSITIVE.**

Ultimatum Says if American  
Flag Is Again Raised, It Will  
Be to Stay.

(Special to The Evening World.)  
WASHINGTON, Jan. 16.—The final warning has been given to Cuba by President Taft. Unless the threatened disorder in Cuba is averted at once the United States will be forced to intervene, and President Taft has said that if the American flag again is raised in Cuba it will not be lowered.

Minister Beaupre reports from Cuba that in defiance of a statute and of a decree issued by President Gomez, calling attention to the statute, the military persists in interfering in domestic politics. At a meeting on Jan. 14 officers of the Cuban Army and the National Council of Veterans in violation of the statute, the veterans association then went so far as to demand the repeal of the statute in question.

The purpose of the veterans' association is to force out of office all who are affiliated with the Spanish cause and all civilians whose employment may interfere with office-holding by the Cuban army.

Minister Beaupre reports that the situation is so serious as to threaten a revolution. President Taft today sent a note to the Cuban Government in which this paragraph appears: "The President of the United States looks to the President and Government of Cuba to prevent a threatened situation, which would compel the Government of the United States, much against its desires, to consider what measures it must take in pursuance of the obligations of its relation to Cuba."

It was admitted at the State Department this afternoon that the "measures" referred to could mean only intervention, and attention was called to our treaty with Cuba to show that such intervention would be final.

**CARRIED "K. O." DROPS.**

Tabet at the time of his arrest loudly proclaimed his innocence of carrying a revolver, and maintained that the weapon had been placed in his pocket by the police.

This picture is the first taken of His Eminence, Cardinal Farley, in walking attire, after his elevation.

### NEW ORDINANCE TO PUT A CHECK ON TAXICAB CHARGES

Alderman Nicol Introduces the  
Measure and Promises to  
Push It Through.

A taxicab ordinance which may really regulate and prevent overcharging by dishonest drivers and put a check to the operation of dishonest meters was introduced today in the Board of Aldermen by Alderman Nicol.

The ordinance covers all the points at issue and is just the sort of measure the Evening World has long advocated. It was referred to the Committee on Laws and Legislation with instructions to hold a series of public hearings followed by the ordinance will be presented to the Board for final action. Severe penalties for violation are imposed. Repeated violation is an automatic conviction or forfeiture will cause a revocation of the license.

The charge of 30 cents for the first half mile and 10 cents for each additional third of a mile is contemplated in the new ordinance. The taxicab companies are already preparing to oppose these rates.

### SWEDEN GRANTS WOMEN RIGHT TO SIT IN PARLIAMENT

King in Throne Speech Says  
They Are Entitled to All  
the Privileges of Men.

STOCKHOLM, Sweden, Jan. 16.—Women are henceforth to take a full and equal share with men in the political life of Sweden. The speech from the throne at the opening of the Riksdag today contained the announcement that a bill was to be introduced conferring the right of women to sit in the Swedish parliament.

Ever since 1848, when the first bill of women's suffrage was introduced, the Swedish Government has been the only one in the world to grant the right of women to sit in the Swedish parliament.

On behalf of the Government it was stated that King Gustaf, who opened the sessions of the Riksdag in person, regards it as a right and in the best interests of the state that women should be placed on the equality with men.

The speech from the throne also announced that an inquiry had been opened in view of the adoption of a complete systematically scheme of defense which would insure the independence of Sweden without overtaxing the resources of the taxpayers.

Sweden is the second country to grant women the privilege of sitting as members of parliament, Russia having given the right some time ago.

**TWO DIX APPOINTMENTS.**

Heads Named by Governor.

### BABY IS FROZEN TO DEATH ON ITS MOTHER'S BREAST

Crippled by Rheumatism and  
Half-Starved, Young Woman  
Suffers in Silence.

**FAMILY IS DESTITUTE.**

Bare Rooms Without Fuel and  
Children Hungry Till  
Neighbors Hear.

When Surgeon Karkel of Gouverneur Hospital went to the two bare, bitterly cold rooms occupied by Mr. and Mrs. John Conditka, at No. 57 Broome street, to-day, to take the young woman to the hospital, he found her two-month-old infant, Martin, frozen to death on her breast.

The young mother, who was crippled with rheumatism and half-starved, refused to believe that her child was dead, and fought with all her feeble strength to prevent it being taken from her. Finally she swooned and was carried to the ambulance.

The father watched the proceeding in dumb grief. When the ambulance had been driven away he told Policeman Poole that he could not bury his child, but they would not let her. They had borne their misery in silence, not even appealing to their neighbors.

Neighbors came in to the heart-broken man after his wife had been taken away and helped him lay out his dead. They gave him candles to burn and then left him to await the arrival of the Morgue wagon. They brought him what food they could spare, but he could not eat.

The little girl, however, was taken care of by the kind-hearted poor folk in the tenement, but when she was fed she insisted on holding her father in her little arms. In all the great city of New York, with all the suffering this bitter winter has brought, there has probably no case so pathetic as this one.

### CARDINAL FARLEY WILL REACH PORT AT NINE O'CLOCK TONIGHT

New Prince of the Church Sends  
Greetings From the Berlin as a  
Blinding Snow Storm Rages  
Around Ocean Liner.

**THANKFUL FOR HIS SAFE  
ARRIVAL HOME FROM ROME**

Great Celebration in His Honor Will  
Begin When He Lands To-Morrow  
and Continue for Ten Days.

With the Berlin, bearing His Eminence, Cardinal Farley, almost in local waters, wireless messages this afternoon came to Justice Victor Dowling, who is at the head of the Reception Committee, expressing the Cardinal's gratitude for the reception that is planned for him and assuring his friends in New York of the pleasure afforded by his homecoming.

The Berlin should be in New York Harbor by 9 o'clock tonight. At noon, while a blinding snowstorm was raging about the Berlin, the new prince of the Church asked the captain when he would make port. When the assurance came that the ship would probably reach Quarantine by 9 o'clock the Cardinal said he intended to remain on board until she was docked at Hoboken tomorrow morning.

Cardinal Farley walked five miles on the deck of the Berlin today. Those who have watched his daily exercises say that he has done nearly sixty miles of deck tramping since the homeward voyage began.

Replying to messages from Justice Dowling and many others, the Cardinal today sent a wireless message intended to reach the whole people through the Justice. In it he said:

"God willing, I hope to greet the people of New York personally tomorrow. I am thankful for my safe arrival from Rome. The various messages from Justice Dowling, Mr. Mooney, Father Fitzgerald and many others reached me today. They have undertaken a formal reception for me, expressing their loyalty and love.

"It would be superfluous for me to say more at this time, in addition to many messages I have already sent to New York. It would have the effect of self-justification and would be useless. The people of New York know that I am glad to get home and it is not necessary for me to again tell them so."

The Cardinal is to be guest at a banquet aboard ship tonight. For ten days, beginning tomorrow, there will be a programme of welcome participated in by Catholics and non-Catholics. The committee, of which Major O'Rourke is chairman, received their final instructions last night, and unless something unforeseen occurs they will not be a bit in the programme.

### CATHEDRAL TO GLOW WITH MYRIAD POINTS OF FIRE.

The electrical display will be a feature of the event. One of the most brilliant points will be above the great archway directly over the main entrance to the Cathedral on Fifth avenue, where a large duplicate of the coat of arms of the Cardinal is set in tiny colored electric bulbs. Steeplejacks placed the last of the fifty thousand incandescent lights on the building in position last night.

The official illumination will take place tomorrow night and will be continued each night for ten days.

The steamboat Rosedale will leave the Battery at 10:30 A. M. tomorrow for the Hoboken pier with five hundred members of the reception committee on board. After their return with the Cardinal and escort by 10:30 A. M. they will be taken to the cathedral. With His Eminence will ride the Right Rev. Thomas P. Cusack, auxiliary bishop of New York; Monsignor Mooney, senior vicar general of the diocese, and Justice Victor Dowling of the Supreme Court.

**TO GREET THE CARDINAL AT  
DOOR OF CATHEDRAL.**  
The Cardinal will be met at the door of the Cathedral by the Right Rev.

Chicago Gets It Up to 47 and  
Further Kiting Predicted—  
Potatoes Also Soaring.

CHICAGO, Jan. 16.—Sixty cents a pound for butter was said today to be the price to which retail dealers in Chicago looked forward. Quotations this afternoon reached 47 cents, the highest in the city's market history.

This additional burden on the cost of living was blamed by the storekeepers to severely resulting from the recent severe weather conditions, but other persons were not slow to ascribe the advance to an alleged trust which has been under investigation by Federal authorities.
